Part 1

INTRODUCTION

John 10:10

The thief comes only to steal and kill and destroy; I have come that they may have life and have it to the full.

Permit me to start this note by defining the meaning of a thief because it gives us a footing and a perspective into what we shall be examining at the cause of this message.

A thief is defined as a person who steals another person's property, especially by stealth [cautious and surreptitious] and without using force or threat of violence.

This scriptural declaration by our Lord Jesus Christ himself and the definition of a thief give a clear, in-depth, characteristics of the subtle nature of the battle we've found ourselves as the Body of Christ. This description further defines for us how we should engage the reality of the days we're in with a deep sense of cautiousness, sobriety, and prophetic discernment.

We are back to the very same point and method the enemy used in invading the Garden in Genesis without the voice or visibility of the man placed in charge to challenge the invasion of his space and territory.

As the Garden was invaded and violated by Lucifer, the Church and the nations today are being invaded by the same enemy who is now using the rebellious spirit and persona of the woman called Jezebel.

The increase of deception and seduction to lure the nations and the Saints to follow the charming voice of the woman who sits upon many waters, according to the book of Revelation has become increasingly visible in many homes, government institutions and Churches across the globe. The degree of compromise in today's Church as seen in the society is a testimony to the failure of sound leadership.

The central focus of this teaching, we are about to examine is the concept of a failed leadership. Leadership is about being present and visible! Jezebel thrives where sound, biblical spiritual leadership has been compromised as we saw regarding King Ahab of Israel.

The powerful spirits of deception, delusion, and corruption begins to operate in a society, family, or Church when fathers and leaders abdicate their position and responsibility. It is my strong believe that behind the woes of today's civilization is the reality of leadership failure. We shall later consider these points as the Lord will grant us direction.

There's no doubt the nature of the battle the Church of the Lord is currently faced with, characterize the spirit of Jezebel, and we are going to examine this spirit as we allow the Lord to open our eyes of wisdom and spiritual understanding. We shall look at what Jezebel is currently staling, killing and destroying both the Body of Christ and within society.

There's no doubt we are living in one of the most intense seasons of spiritual warfare seen the beginning of human history, and this battle will continue to increase even as the Church and the nations enter the scope of the visibility of the manifestation of the kingdom of God. The closer we step towards the declaration of the appearance

of Christ's government on earth, the more intense our battles, birth pang, and of course, our tribulation.

The sociocultural war of ideology and identity dysfunctionality we are seeing today, even in the Church, reveals without a doubt the narrative objective the enemy desire to see. However, this battle is far from you a cultural war; it is a spiritual battle that is geared toward a total annihilation of human dignity, morality, and obedience toward the standard of God and his kingdom.

Only those aware of this diabolic attack and have been well built and equipped with the sevenfold spirit of Christ will stand their ground in facing this deadly assault. Ignorance of the ways of the Lord and his dealings both within human affairs and the Church of the living God is already costing many in the Body of Christ in a great deal, but I hope that through some points that will be highlighted through this note will help you see things in divine perspective. Perspective is everything when it comes to understanding and responding to the demands and challenges of our day.

Both reading and studying the word of God in the light of revelation and spiritual understanding in such a manner that gives clarity and illumination is a high virtue required today in dealing with many of the seemingly complex questions being asked, and I hope by the end of this resource note, with the series of videos webinars already published on this topic should add to the insights and keys of the kingdom to effectively bring answers, solution, and direction.

The current assault to change God's moral code, order, values, and standard of existence is a deliberate attack on the wisdom of God that has intensified in a manner that is almost eroding the position of spiritual authority and leadership within the community of God's people, and this is where we need to walk in reclaiming our position of biblical truth and its foundation.

The assault of Satanic powers through the spirit of Jezebel is one major battle today's church and society is faced with, and unfortunately, many, including some of our spiritual leaders are not adequately equipped nor prepared to face. This is a battle that has already claimed many lives in the Body of Christ.

Divine upgrade

My joy however is, the Lord does not wait for everyone to be ready before he begins to equip his Saints to rise and fight the enemy already causing casualties across the nations. We are now being given spiritual tools, for divine upgrade; additional kingdom keys to unlock truths that will allow us to strategically address certain challenges that may seem as complex, or even mysterious to us at this end of days. Getting the keys and access the realms in the Father are two different things. It seems to me while reading Mathews 16:20 that the first key to access within the bunch of keys is the revelation of Christ. And Jesus Christ said to his disciples not to tell anyone that he was the Christ.

Let's look at some scripture to give us perspective.

And I tell you that you are Peter, and on this rock I will build My church, and the gates of Hades will not prevail against it. ¹⁹ I will give you the keys of the kingdom of heaven. Whatever you bind on earth will be bound in heaven, and whatever you loose on earth will be loosed in heaven.” ²⁰ Then He admonished the disciples not to tell anyone that He was the Christ. Mathews 16:18-20

Galatians 3:

¹ You foolish Galatians! Who has bewitched you? Before your very eyes Jesus Christ was clearly portrayed as crucified. ² I would like to learn just one thing from you: Did you receive the Spirit by the works of the law, or by believing what you heard? ³ Are you so foolish? After beginning by means of the Spirit, are you now trying to finish by means of the flesh?

Revelation 2:18-23

¹⁸ “To the angel of the church in Thyatira write: These are the words of the Son of God, whose eyes are like blazing fire and whose feet are like burnished bronze. ¹⁹ I know your deeds, your love and faith, your service and perseverance, and that you are now doing more than you did at first. ²⁰ Nevertheless, I have this against you: You tolerate that woman Jezebel, who calls herself a prophet. By her teaching she misleads my servants into sexual immorality and the eating of food sacrificed to idols. ²¹ I have given her time to repent of her immorality, but she is unwilling. ²² So I will cast her on a bed of suffering, and I will make those who commit adultery with her suffer intensely, unless they repent of her ways. ²³ I will strike her children dead. Then all the churches will know that I am he who searches hearts and minds, and I will repay each of you according to your deeds.

Daniels 7:25-26

And the ten horns are ten kings who will rise from this kingdom. After them another king, different from the earlier ones, will rise and subdue three kings. 25 He will speak out against the Most High and oppress the saints of the Most High, intending to change the set times and laws, and the saints will be given into his hand for a time, and times, and half a time. 26 But the court will convene, and his dominion will be taken away and completely destroyed forever....

Engaging the reality of the season

We now live in days where the prevailing culture of Babylon and the ancient, established high places has almost swallowed the moral compass and spiritual identity of many who claimed to be followers of Christ and members of his kingdom.

The dominant culture of the New Age spirits and the awakened occultic, eastern demonic worship order has almost succeeded in changing the names, language, diet, and apparels of many, particularly, in the Western world concept of Christianity as we're now seeing in Africa and the rest of the world.

As this Satanic agenda that seeks to change times and set laws, continue to harass the Saints and the nations, [set time and laws, meaning, moral, ethical standards of human existence and biblically sound spiritual values] many, unfortunately, have given into this false agenda and lies because they were never grounded in the spiritual philosophy of a sound, apostolic biblical paradigm.

Millions of Christians today are now being assimilated into the very way of life we've been empowered and commissioned [sent] to change; the people we are called to redeem, disciple, and deliver for the Lord have almost managed to capture our weak spiritual position and ideology of 'Christianity'. They are pursuing the agenda to change the times and the laws of God before our very eyes while we hide in caves and holes as we see during the reign of Ahab and Jezebel.

The spirit that captured the kings of the earth have managed to bewitch and seduce society, they've been charmed and bewitched; the spell of Jezebel is today written all over our desires, actions, conducts, our pattern of thinking, desires, spiritual, and emotional preferences, unfortunately.

Revelation 17:1-2

One of the seven angels who had poured out the seven bowls came over and spoke to me. "Come with me," he said, "and I will show you the judgment that is going to come on the great prostitute, who rules over many waters. 2The kings of the world have committed adultery with her, and the people who belong to this world have been made drunk by the wine of her immorality."

Our [kings] political and spiritual leaders have falsely joined themselves in sexual intercourse with the spirit of the harlot to pervert the holy seed; Churches within the nations are today infested with a familiar spirit, occultic practices has almost replaced authentic worship; ministry born through the influence of fallen angelic beings with the daughters of men are replacing the voice of true apostolic ministry. Strangers have become a legitimate voice within the house of God demanding the worship of the Saints.

A different believe the system has become the accepted culture and ideology that rules and guide the leadership within the walls of the Church. Idolatry has replaced the worship of the true God. The worship of mammon, [charm] beauty, gifts, talents, personality drive, have all been exchanged for the position of truth and the values of kingdom validation.

Our paradigms have been distracted and shifted from the journey to Zion, to now turning back to the way to Egypt. We have been invaded; we have been captured, and we are now being led into captivity within the unregenerated minds of our soul. [Exodus 32:1-5] Many have now gathered for themselves teachers that only tells them what they want to hear. If what they hear does not suit their narrative of political correctness and religious tolerance, they discard such truth, and claim, we don't have love. [2 Timothy 4:1-5]

Jezebel's high places have almost replaced true worship centers across the nations. We are not only seeing high places being built for the worship of Baal and other foreign gods within our societies and its various government institutions, but these high places are also powerfully being built within our homes and various communities.

Behind the so-called worship, praise, sermons, teachings, training, and programs we offer, are unbelievable spirits of compromise found. Many of our leaders have dedicated themselves to the worship of foreign gods; Satanic and demonic activities are taking place behind the cotton walls of our worship center to stir the heart of the Father to jealousy. Read Ezekiel chapter 8.

Seasons of increased truth increases spiritual competence

They've been numerous teachings, books, and materials released from time to time in the Body of Christ regarding the spirit and character nature of Jezebel, which I believed were quite interesting and helpful in many ways to the Body of Christ, particularly, amongst those graced in the spirit of intercession and spiritual warfare.

We have, however, witnessed in the past two decades, an increase in the ascended, revelation of Christ, and the use of advanced, prophetic tools within the context of the ministry of wisdom, even as the light of the kingdom of God becomes more visible in our day.

These two inputs have exponentially increased our position of light within the systemic darkness of the day and have also accelerated our understanding regarding the subtle operations of the forces of darkness, both within the Church and across the shifting sociocultural identity battle within the nations. Indeed, only in the ever-increasing light of Christ do we have increased light to recognize and uncover the various systemic, Satanic activity of darkness in this Age.

Both the operation and weapons of darkness in our day have changed from how we used to be able to identify them in the past, to a more vicious, but subtle form of an attack playing out on the platforms of what defines our identity, faith, morality, family values, and economic provision.

However, the deadliest attack of this New Age Jazebelic attack is directly targeted toward disfiguring human identity and destroying the biblical spiritual foundation and framework of godliness. The mystery of iniquity is viciously attacking anyone who desire to live by the mystery of godliness, but we know that the mystery of godliness at the long run will overcome these forces of darkness.

I do not believe that the challenge regarding this subject is merely around the exposure of the spirit of Jezebel as a present-day Satanic, operating system, as important as this is. **I, however, believe that the Church's focus should be more about developing the required leadership, governmental wisdom, courage, and attitude, willing to precisely identify, confront, and uproot the systemic architectural layout of the spirit of Jezebel within the Church and in the society.**

The Saints needs to be resourced on around sound, biblically governmental, intercessory maturity and authority in confronting this wicked, territorial, spirit, and this is what I hope to achieve through these series of teachings.

The biblical spiritual quality standard that will uncover and neutralize the operation of Jezebel today will have to carry a more advanced, governmental position of authority than what was exercised under the Old covenant for several reasons we must identify.

In other words, our current apostolic position of hindsight, insight, and foresight of biblical history, doctrinal balance, and the discerning knowledge of the present ecclesia position us in a better spiritual location to proceed and maneuver our strategies in confronting this high-power principality of a spirit called Jezebel.

The abdication of leadership position

Read Genesis chapter 6

The only reason why we are seeking to deal with this issue today is due to the rebellion and the abdication of leadership position and authority from Church leaders just as we saw in the Garden. When Adam abdicated his governmental position and influence over the space heaven authorized him to dress and watch, Satan came in to display and dispossessed him of his identity as a man, as a husband, and of course, as a father.

“But while men slept, his enemy came and sowed tares among the wheat, and went his way”.

[Mathews 13:25]

The field is the world; the good seed are the children of the kingdom; but the tares are the children of the wicked one. The enemy that sowed them is the devil; the harvest is the end of the world; and the reapers are the angels

[Mathews 13:38,39]

And I will keep on doing what I am doing in order to cut the ground from under those who want an opportunity to be considered equal with us in the things they boast about. 13 For such people are false apostles, deceitful workers, masquerading as apostles of Christ. 14 And no wonder, for Satan himself masquerades as an angel of light. 15 It is not surprising, then, if his servants also masquerade as servants of righteousness. Their end will be what their actions deserve. 2 Corinthians 11: 12-15

Part 2

IMAGE OF THE BEAST AND THE BATTLE OF THE WOMAN'S IDENTITY IN UNCOVERING JEZEBEL.

There's no doubt that we are dealing with the same spirit that showed up during the days of Elijah, but the current operation and manifestation of this spirit has become even more advanced, systematic, and governmental in appearance according to our text scripture in Revelation 2:18-23

Arguably, this topic is one of the most sensitive subjects, and to an extent, divisive in many parts of Christian communities. However, the relevancy and timing of this subject are extremely important to the present emphasis of the Spirit, if the mandate of the kingdom must become a true, effective reality in our day and generation.

Due to the Immature mishandling and the imbalance approach to the doctrinal and prophetic teaching around the understanding of this subject, many, particularly, women, have become offended, resistant, and in some cases have outrightly rejected the notions around the spirit of Jezebel because they deem it as a direct attack on their gender, and to a large extent, they are right.

The point however is, the lack of understanding regarding how to precisely diagnose and interpret what the Lord is showing us through this character that took the woman's persona to manifest its atrocious evil on humanity is what needs to be dealt with in this season of increased hate, division, and destruction.

Accurate biblical kingdom principle, values and interpretation of truth relating to this subject are critical, especially when the false narrative behind the character and authority of women has almost been accepted as the truth. The fact is, they've been many instances where men, in political and spiritual leadership, have sought to use inaccurate interpretation of the word of God to promote their own religious, traditional beliefs, bias, and false, masculine agendas against women.

We should never forget that most of what we claim to be biblical in terms of beliefs and practices are nothing more than the extension of our ancient, cultural beliefs and values. Many are still practicing what I term as environmental Christianity. This Christianity accepts the predominant societal values and practices, embraces ancestral rites, beliefs and practice, it imports humanist values, racial prejudice, gender superiority, and other forms of biases that are totally misrepresenting the ordained order, value and standard of God for his creation, and of course, against the established apostolic framework of the function of the Ecclesia's community.

The Church of the Lord is not the extension of our culture, tradition or even patriotic national identity; the Church has been called out of such values, and it should be related to from such ascended, perspective regarding any matter or subject we are dealing with. The Church was assigned to set a better quality of lifestyle and relationship in society.

How ideologies that shaped societal practice.

Often, when dealing with certain issues in society or even within the context of the Bible, we forget that the world we live in today has been shaped by various beliefs, values, ideologies that were embraced by those who ruled and reign during the ancient civilizations. These philosophies were approved on the backdrop of imperial decrees, political status and influence, which are products of powerful men in the society with economic advantage who often occupy high religious positions.

These beliefs and wrong values established by men were centered around security and the power of succession. It was a general belief that the male child will be in a better position to secure the name and wealth of the family, and this belief filtered into the extended society.

These nations divide society into compartments, of Royal born, The high class, low class, and slaves. Men were defined and seen as instrument of strength, war, and political rulers. The woman on the other hand were also classified into Royal born, high class, priestess, middle class [those born into the home of merchants, servant of Royal born or military generals] and slaves.

It is almost seen as a curse if a family doesn't have a male child. The two most powerful and influential civilizations which were the Roman and Greek reconfigured how the human being is to be examined, valued and defined.

God's word and its precise interpretation should always define where we stand in our personal or worldview. Taking one aspect of biblical truth like the popular one, where Paul said that women should be quiet in the house of God, and if they have any question regarding what was preached, they should discuss it with their husband when they get home.

Unfortunately, scripture like this has been extremely abused due to the lack of doctrinal knowledge, historic background, and what could be defined as the practice of tradition imported into the community of the Saints. This was a statement that was made to curtail an increase of wrong attitude, arguments, subordination, confusions, and disorderliness that was publicly playing out between husbands and wives who had been once culture by the general believe system and practice of the dominant philosophy of their day.

The freedom and liberty these new converts were beginning to enjoy in the community of the Saints were being perverted to the degree of almost creating anarchy in the household of God, and Paul had to step in as the Apostle of God in bringing judgement and correction.

Apparently, this was a growing problem amongst the new converts who were joining the community of the early Church. The liberty many enjoyed when they came into the assembly of the Saints were being taken for granted to the point the Church became an open ground to settle personal, domestic issues.

The liberty and recognition ordinary women were never given in the society to express their spiritual or political opinion under the Roman law and the Greek culture was something new they had in the community of the Body of Christ when they joined. Unfortunately, these liberties were being abused and misused as wives challenge their husbands openly without respect and regards to the sanctity of the house of God.

Both the Greek and the Roman culture, and of course, the Rabbinic Jewish tradition, impact a great deal on the belief and character ideologies of the people while they were being integrated into the early Church community just as it is today.

The point here is, Apostle Paul was establishing a different order and pattern for the Saints lifestyle; a community whose domestic expression should reflect the value, order, discipline, respect and honor in place of the compromised, prevalent culture of the environment of the day which was categorized in dominance, disrespect and lawlessness.

Ephesians 5

21 Submit to one another out of reverence for Christ. 22, Wives, submit yourselves to your own husbands as you do to the Lord. 23 For the husband is the head of the wife as Christ is the head of the church, his body, of which he is the Savior. 24 Now as the church submits to Christ, so also wives should submit to their husbands in everything.

25 Husbands, love your wives, just as Christ loved the church and gave himself up for her 26 to make her holy, cleansing her by the washing with water through the word, 27 and to present her to himself as a radiant church, without stain or wrinkle or any other blemish, but holy and blameless. 28 In this same way, husbands ought to love their wives as their own bodies. He who loves his wife loves himself. 29 After all, no one ever hated their own body, but they feed and care for their body, just as Christ does the church— 30 for we are members of his body. 31 “For this reason a man will leave his father and mother and be united to his wife, and the two will become one flesh.” c 32 This is a profound mystery—but I am talking about Christ and the church. 33 However, each one of you also must love his wife as he loves himself, and the wife must respect her husband.

1 Corinthians 14:34

Women are to be silent in the churches. They are not permitted to speak, but must be in submission, as the Law says.

Anyone who have studied the book of Corinthians one would appreciate the depth of confusion and factionist attitude in the Church while they boast of their individual gifts and preferred ministers.

1 Corinthians 11:3

But I would have you know, that the head of every man is Christ; and the head of the woman is the man; and the head of Christ is God.

Luke 8:

1 After this, Jesus traveled about from one town and village to another, proclaiming the good news of the kingdom of God. The Twelve were with him, 2 and also some women who had been cured of evil spirits and diseases: Mary (called Magdalene) from whom seven demons had come out; 3 Joanna the wife of Chuza, the manager of Herod's household; Susanna; and many others. These women were helping to support them out of their own means.

The position of defining and understanding spiritual authority is still very vague today in the Church unfortunately. Many of the things we are doing in terms of ministry functionality and their administrations are unfortunately carried out either through some passed down denominational traditions, religious bias, or a total resistance, and defiance of the former set rules. This is what has fueled many of the breakaway in the Body of Christ, and the feminist narrative agenda even within the church space today.

My intention

My intention however on this critical subject is not one with bias, or with the agenda to offend any person, especially women, after all, we are all sons of God, assigned to address every high place and strongholds of darkness, position to exalt themselves above the knowledge and wisdom of God over the nations.

2 Corinthians 10

4 The weapons of our warfare are not the weapons of the world. Instead, they have divine power to demolish [high places] strongholds. 5 We tear down arguments, and every presumption set up against the knowledge of God; and we take captive every thought to make it obedient to Christ. 6 And we will be ready to punish every act of disobedience, as soon as your obedience is complete.

Dealing with spiritual high places cuts across gender, race, social status, age, and spiritual rankings. Everyone must understand the role we have to play in bringing down this towering spirit of a principality by the name Jezebel. **We know that the manifestation of certain spirits or demonic character uses either a male or female gender to express a peculiarity objective within the context of an assault that is launched by the enemy.**

One of the things that make the spirit of Jezebel more threatening and dangerous than the other forms of Satanic operatives is for the fact she has the power to alter what you think, see, believe, and ultimately worship. She has the capacity to multiply herself through her seed and the altars she builds in places known as the high places across societies. We shall later examine the characteristics of the spirit.

Part 3

WHO DEFINES YOUR RIGHT?

The enemy doesn't fight a random battle; he is very deliberate, precise, and strategic in his use of weaponry and the nature of how the battle should play out. Therefore, we must never put ourselves in a situation where the enemy can define the battleground or the weapon of warfare.

When we allow the enemy to use his narrative of weapons known as gender inequality, gender insensitivity, feminism, gay right, child right, human right, social justice, and so many ideas of rights, however defined through its own paradigm, values, and belief system, we will eventually become defeated.

Giving our rights to another definition of rights and false advocacy is the most foolish thing we can do, and am afraid, we have done.

By giving our rights to some advocacy with a different agenda that refuses to acknowledge the values and moral identity of God's definition is indirectly abdicating our authority to the lies of the enemy who is entering our gardens again to challenge the authority and influence of heaven's values over our space. We cannot afford to make the same mistake the first man-made in the Garden. We cannot afford to get into slumber as women again; we cannot allow the enemy to use our inherent power of influence persuasion to manipulate things against the order of God.

You cannot allow the enemy to pervert and corrupt your administrative capacity to destroy what we are called to build and protect, and lastly, women, you cannot afford to offer your Bodies to fallen [spirits] angels' knowns as sons of God to birth illegitimate, rebellious sons in the earth again. Genesis chapter 6

We are today is women today engaging in sexual intercourse with demonic spirits to gain influence, power, authority to push their agenda of male dominance.

Then one of the seven angels with the seven bowls came and told me, "Come, I will show you the punishment of the great prostitute, who sits on many waters. 2The kings of the earth were sexually immoral with her, and those who dwell on the earth were intoxicated with the wine of her immorality." ... Revelation 17:1-2

Spirits carry no gender

When we deal with a Satanic force like Goliath, we should know that we are dealing with in terms of the spiritual character that would manifest on the battleground. In most cases, we might find ourselves dealing with an intimidating, domineering male figure kind of character, that takes advantage of our lack of spiritual covering, insecurity, fear, and of course, the lack of the assurance of the presence of God.

Spiritual things are not limited, or necessarily defined by the gender they dress to manifest themselves. I shall further explain this concept later, because I do think it's highly important we deal with this misconception the enemy has often used to shut down certain important issues and teachings we need to carry out in the Body of Christ or even in the society because we don't want to sound to be offending the opposite sex.

There's no room for ignorance or sentiment in this season of advanced warfare. There's a reason why the Father sent his Son to die for humanity as a male man and not a woman, and there's a reason why wisdom is often referred to as a figure of a woman. **If you study the book of revelation, you'll immediately notice that the ultimate battle is between two women and not two men. In fact, the battle of creation right from the book of Genesis to the book of the end-revelation is about two women, two kinds of wisdom, and two types of knowledge.**

God did not create the woman as the man's competitor; no. Elohim, in his sovereign wisdom, authority, and power created the woman as man's [complement] completion. If this perspective is not clear, we will always embrace the humanist narrative of the New Age which has almost succeeded in putting the woman against the man, and this is the number one reason many Churches, marriages and families are imploding and collapsing today.

Everything the Father does, carries a unique, prophetic, fingerprint objective, and we should carefully seek to understand his ways and arrangements of life in the light of these objectives, including the role and position of the female and male, man, so we don't fall into the deception of the New Age spirit that is pushing certain feminist narrative that is painting God as bias or sexist. We must track and unravel the nature of spirit manifesting through an antagonistic, feminist and humanist character.

If we neglect to address this important aspect, am afraid that we have bought into the very narrative the enemy wants the Church and the nations to accept. Both the beautiful image, character, and inherent administrative value of women is currently under relentless assault, and many of our sisters, particularly, our church women have not yet truly identified this attack, even though we all can see these devastating assaults against our homes and family institutions. So, let us attempt to define what the spirit of Jezebel is as we continue to unravel the operation of this evil spirit.

Part 4

DEFINING THE SPIRIT OF JEZEBEL

And you know what is now restraining him, so that he may be revealed at the proper time. 7 For the mystery of lawlessness is already at work, but the one who now restrains it will continue until he is taken out of the way. 8 And then the lawless one will be revealed, whom the Lord Jesus will slay with the breath of His mouth and annihilate by the majesty of His arrival.... 2 Thessalonians 2:6-8

Revelation 2:18

From the points we've highlighted we can begin to have a vivid image of this entity anointed to fight and resist the plan and purposes of God for a nation, society, family, and individuals. We must make it plain again that while the default operational framework of this spirit function through the persona of a female character, it is, however, not a female spirit as we have explained, nor is the spirit limited to a woman character as much as it prefers a woman character to operate.

Jezebel is an operational, governmental principality that is set up from the powers of darkness to frustrate the redemptive and prophetic initiatives of God over nations. To effectively identify the image and character of this spirit we will have to go to the book of Revelation. Any spirit we see in the Old Testament that shows up again in the book of revelation is worthy of note because there's every likelihood that we are dealing with a territorial and generational principality.

Like I've said earlier, Jezebel is a principality assigned over realms that seeks to control, corrupt, hinder, frustrate and destroy in order and pattern of God's intent. When our Lord Jesus Christ described Satan as a thief that has come to steal, kill, and destroy, this description perfectly fit into the character of Jezebel.

Beyond the fact that Jezebel kills the prophets of God and send the Saints into hiding, she is in fact, a thief that forcefully takes what doesn't belong to her and kills the owner as we see in the case of Naboth [1 Kings 21:5-6]. This spirit goes further to destroy men's identity by emasculating their manhood by destroying the entire family order and system of existence. Further still, Jezebel turns the hearts of a whole nation from serving the true God according to the biblical pattern of worship to serving Baal which is her primary objective.

In other words, the pursuit of idol worship [the worship of self, feminism] and sexual perversion is the trademark of the spirit of Jezebel when she is unleashed upon society. **The scripture informs us that when Jehu was sent to carry out the final judgment of God upon Jezebel that she beautifies her face and dressed her hair, postured herself by the window to entice Jehu.**

If Jehu was never (empowered by the Spirit) anointed by the prophet of God for this high-level assignment, I believe that Jehu would have been seduced by Jezebel's charm, and he would have been able to carry out the execution against her. All the Spirit of the Lord is highlighting regarding this evil spirit has a direct implication and lesson for us today, so, we are not entrapped by the seductive, destructive spirit of Jezebel.

3 Don't let anyone deceive you in any way, for that day will not come until the rebellion occurs and the man of lawlessness is revealed, the man doomed to destruction. 4He will oppose and will exalt himself over everything that is called God or is worshiped, so that he sets himself up in God's temple, proclaiming himself to be God. 2 Thessalonians 2:3-4

The spirit of Jezebel is one of the major high places that demands we collaborate our God-given governmental grace, resources, and capacity to effectively deal with, less, our children and the next generation continue to suffer her attack. It took a three-generational anointing to finally destroy this spiritual entity wearing the persona of a woman.

My prophetic mandate is to unmask the architectural structure of this powerful Satanic spirit that has crawled into the very framework of society and is now expressing false prophetic and teaching spirit within the Body of Christ.

As we can see according to the book of Revelation chapter two that this Satanic spirit took upon herself a persona of a prophet and claimed the position of a teacher. These are two profound areas that shape the minds and believe system of the people of God, and the society we are assigned to disciple, and if we allow this spirit to capture the office and ministry of the prophet and that of the teacher, our apostolic thrust is as good as being compromised. It's important we state this point clear that there's no bias in the Father; he does not choose sides.

To limit our acceptance or rejection of the spirit of Jezebel on the premise of gender indeed, reflects our immaturity and the lack of spiritual understanding regarding the ministry of redemption, of cause, to live in some form of self-denial in the operation of this spirit within individuals, families, community and nations is to have bought the lies and deception of the enemy. The Enemy throughout history as

used the card of race, gender, religion, culture, and inequality to mention a few, to perpetuate his destructive agenda, but the church itself, in her spiritual blindness, has exacerbated this evil.

God in his wisdom, created male and female as part of his eternal prophetic plan and governmental administrative executives on earth. The structure of community which begins from the family unit is a powerful expression of the Father's wisdom and creativeness in growing and developing humanity. These two organs of government called man and woman carries a unique assignment in the support and execution of the Father's eternal program on earth. We shall later expand on this thought as we continue to develop the foundational framework of this subject.

The first time I did an intensive teaching on this subject was in the year 2001, and in fact, I found one of the notes I wrote back then on this subject recently, and the truth is, there's still a great sense of relevancy and coherency to what the Spirit of the Lord said back then to the current emphasis of the Spirit of the Lord. The only difference is that my understanding of interpreting what was written then is now broadened and clearer as the spirit of wisdom has brought perspective and maturity in the arts of prophetic insight and interpretation.

The nature of spiritual activity today has drastically changed at an accelerated level since 2001 yet, the problems back then, are as vicious and complex as they are today. But as we can see, these challenges, particularly, the attack on race, morality, truth, justice, and religious rights have become more hostile to the point of polarizing society. It's as if the stage is being set for the anti-Christ, the man of sin to take the stage openly.

The manifestation of Satanic forces of the earth has been so unprecedented, and therefore, it will be right for us to begin to contextualize the present prophetic activity of God, particularly when we examine what is currently playing out within the political ideology of the nations around the world but in particular, the United State of America due to its power and influence globally. **It is important we thoroughly examine the present battle taking place in America, to appreciate the degree of the influence and impact of the spirit of Jezebel.**

Part 5

DEALING WITH THE GENERAL OVERVIEW OF THE PRESENT NATURE OF ENGAGEMENT IN WARFARE.

Hebrews 11 32-38

32 And what more shall I say? I do not have time to tell about Gideon, Barak, Samson and Jephthah, about David and Samuel and the prophets, 33 who through faith conquered kingdoms, administered justice, and gained what was promised; who shut the mouths of lions, 34 quenched the fury of the flames, and escaped the edge of the sword; whose weakness was turned to strength; and who became powerful in battle and routed foreign armies. 35 Women received back their dead, raised to life again.

There were others who were tortured, refusing to be released so that they might gain an even better resurrection. 36 Some faced jeers and flogging, and even chains and imprisonment. 37 They were put to death by stoning; e they were sawed in two; they were killed by the sword. They went about in sheepskins and goatskins, destitute, persecuted and mistreated— 38 the world was not worthy of them. They wandered in deserts and mountains, living in caves and in holes in the ground.

This highlighted scripture above defines the spiritual framework and character posture the ecclesia must assume as a kingdom priestly regents Heaven is empowering and releasing in this season of engaging the ongoing, complex issues

and challenges the nation's and creation is faced with under the insidious influence of the activity of Jezebel.

Divine upgrade

it is important to note that there's a current, general update and upgrading of our spiritual base and the apostolic resources at our disposal in order to be effectively and efficiently prepared to engage; this is to prevent us from being trapped by the same religious web of division and extremism that entangled many in the past who tried representing the purposes of God from a very shallow, narrow, and myopic perspective.

What is Gods agenda for the earth in this new day?

The Father's agenda is to fill the earth {people} with the knowledge of his glory through a company of priesthood, emerging with the ascended revelatory reality of the son, but functions from an ascended, eternal realm of representation, the pattern of our ministry priesthood must change from the obsolete first and second day reality of representation; we must come into the ascended ministry lifestyle of Melchizedek.

Functioning within the framework authority and power of this priesthood is highly important if we must effectively move and function within the current Satanic activity challenging our position and identity in Christ.

The remnant of individuals who will live and function within the framework of the ongoing complex, false order off the earth must have shift from the house of Saul to the present, restored {house} tabernacle of David, and that is because only David carries the ascended insight of the authority of the kingdom to face and behead the giant, evil system challenging us today.

Beyond this, these company of men and woman will carry and operate in the iconic spirit of the patriarchs. Each of the Patriarchs represent a dimension of grace, wisdom, strategy, and capacity that must function in the power of corporate unity in dislodging the spirit of Darkness before us.

These are days where Enoch, Noah, Abraham, Moses, Joseph, Esther, Ruth, Elizabeth, Mary, and the rest are all being awoken within the hearts of the saints, emerging in their various respectable position in defeating the spirit of humanist, Satanic activity distorting the prophetic mandate of God for creation.

There's no doubt that the Spirit of the Lord is forcefully leading the Body of Christ to a new position of more advanced, governmental engagement which requires we shift from our old position towards a more accurate, matured reality of the prophetic requirement of the Spirit for the season.

The nature of spiritual resistance and opposition we are faced with today, demands the finest of the Spirit of wisdom and faith. There's a need we redefine and update our prophetic insight in order to be strategically repositioned with maximum, sustained capacity to advance.

The mandate of entering to repossess our lost spiritual space and heritage as legitimate, custodians of the earth has become an assignment that cannot be neglected nor defer to the future, yet, we have to advance with caution due to the kind of subtle but powerful enemy we are contending with.

The prophetic objective of rebuilding and restoring the architectural structure of the burnt gates and broken walls of lives, families, institutions, and the society at large, will certainly demand we move towards a more advanced, prophetic engagement towards all illegitimate spirits and entities at the gates.

Maintaining a biblically sound and balanced spiritual [perspective] neutrality in responding and representing the eternal agenda of the kingdom of God within a sharply, racially charged, and divided society is highly critical, if we are to truly manifest the spirit of redemption, healing and restoration to creation, and ultimately, reign with Christ in his millennial kingdom Age.

We cannot afford to be found biased, religious, and denominational in our prophetic philosophy and perspective as we advance in this season. Every form of charismatic, blind spot and misconceptions regarding the ascended, operational pattern and direction of the kingdom and its initiatives in this season must be thoroughly examined and addressed before we step out again in divine representation.

The position of our utilization of kingdom authority and power in warfare should be strictly built on the apostolic template of Christ nature and character which must not be compromised by any form of religious assumption, humanist beliefs, or some form of an overt, nationalistic, prejudicial attitudes.

This is the day of the operation of the kingdom values and principle, meaning, we have to test whatever we've been taught to believe in our various church community within the principles of the kingdom so we are not found to be misrepresenting Christ out there in the name of our own traditional, charismatic Church beliefs or expectations.

The standard is, if any man be in Christ and not in a church, such a person is a new creation, behold, old [ways, patterns, culture, ideologies, and philosophy] things have passed away, observe, all things have become new. The operational position of those in Christ is a spiritual value and posture of an ever-increasing newness. Newness should reflect the position of advanced spiritual development, perception, interaction, and engagement with all humans and creation regardless of how hateful or bitter they may be to us.

When Joshua met the captain of the Lord of host standing, he asked him if he was for them or against them, the captain of the Lord of the host said, am neither for both sides. This is an important truth and attitude we need to understand and embrace in a day where polarization has become the order of political engagement.

Religious bias and other forms of humanist prejudice will not only blind our insight from seeing the intention and direction of the Lord in this hour, but will in fact, cripple our ability and capacity to effectively engage in the arts of advance prophetic initiatives, even as we are called to charge in warfare against the spirit of Jezebel and the high places of our communities, cities and generation.

Laying this foundational narrative is crucial, because many are still divided behind some charismatic, religious ideological differences, fueled on racial grounds, depending on which side of the fence they find themselves. To develop a biblically sound world view in dealing with the socio-cultural and economic divides is to allow the Spirit of the Lord to first strip us of our presumptive ideas and knowledge, gathered under the fruit of the tree of the knowledge of good and evil.

Secondly, is to allow the Father to enlighten and broaden our spiritual standpoint regarding the current political or socioeconomic realities of our time, which I usually term as a position of prophetic spectrum.

As we know, when a ray of light passes through a fraction prism, what we experience is a spectrum of colors. This truth is the same when considering the idea of allowing the light of God's truth to pass through and permeate our spiritman, what happens is, we effectively see and identify the various, glorious, unique beauty and identity of the Father for each person, family, community, nation, continent, and of course, this generation as a whole.

Part 6

PROPHETIC PRISM AND THE POSITION OF ELIJAH

To understand and effectively Administrate the justice system of the kingdom of God on earth, which is totally different in view and value from the humanist and religious viewpoint, is to be ready to prophetically represent the priestly, governmental authority of the kingdom of God according to Isaiah chapter 11.

A prophetic student will be keenly aware that one of the manifest Spirit of the last days and before the final coming of Christ is the spirit of Elijah, and we are told that this spirit, or, the posture of life if you will, carries the authority of reformation and restoration in the earth. We've seen the progressive released of this spirit in a dimension, right from the days of John the Baptist and throughout church history. Today, we are witnessing a greater outpour and the release of this spirit as we confront one of the deadliest, Satanic assault, unleashed upon this generation.

The restorative, prophetic capacity of the spirit and ministry of Elijah in this season is a clear sign of the accelerated nature of kingdom activity that is currently taking place across the earth. The emergence of the spirit of Elijah amongst other apostolic governmental grace being restored to the ecclesia is a high watermark in the call to the arena of divine representation, even as the day of the Lord becomes more eminent.

The kingdom of God is suffering violence, and the violence we must be ready to take by divine enforcement of kingdom truth. We shall further consider the relevant position and influence of the spirit of Elijah as we track the position of divine confrontation.

THE NATURE OF THE ENEMIE'S ATTACK

Therefore, in the context of this apostolic framework, our war gear of readiness and engagement must totally reflect what we see in Isaiah 11. Elijah which is a type of the Carmel skin we should wear in this season must be dressed in these qualities of spirit of Christ described as the full armor of God according to Ephesians chapter 6. Having brought this into perspective, we then need to begin to understand the nature of the common enemy of the kingdom we are assigned and dressed to deal with as a type of a Davidic generation, assigned to watch our father's sheep.

Our position as watchmen requires that we are truly positioned with the capacity to watch the Lord's sheep which is way beyond the walls of our local churches and families. We must be prepared to watch and guard the sheep against the humanist and religious lions and bears of our time. The spirits and assigned wicked systems out there now charging against the vulnerability and identity of the sheep of the Father out there must be protected across the nations.

THE VARIOUS FACES AND OBJECTIVE OF SATANIC ATTACK

Unmasking these lions and bears are a critical aspect of the current prophetic upgrade, so we can effectively channel our Strategic attack. There are several types of enemies with their unique focus of attack against the children of Israel as we see in the scripture. Each character manifested by the enemy reflects a specific objective of result in the mission to destroy the redemptive mandate of God for his people and the nations.

A significant number of the enemy's attacks on the people of God are carried out through their own acts of rebellion and disobedience, and in some cases, their ignorance to the values and demand of the Lord as they are being led to their Promised Land. It is critical we take time to study and carefully examine the various character, focus, methods, and objectives the enemy applies in launching its assault against the children of Israel.

This is important in unveiling the systematic idea of attack against the current Church and society in general. When the enemy, through a particular nation like the Philistine launches an attack, and decides to produce a key figure like the giant, Goliath of Gath, behind such an attack is an objective which is more stronger than the very confrontation itself which is to send a message to the nation of Israel and the next generation, and this message is fear and intimidation.

Fear was a powerful, effective weapon the Philistine and the Midianites used in trying to cripple the entire army of Israel from fighting until a young teenager who had conquered the spirit of fear, through the abiding presence of the Father in his life charged against Goliath.

We noticed the same concept of engagement about Gideon when he was called to lead his people to fight the Midianites and see to the freedom of the economic siege the Midianites waged against his people. [Judges 6]

You'll notice that the moment little David killed Goliath, the entire army of the Philistine fled, and the army of Israel that was once crippled by fear suddenly got bold and courageous as they chase after the army of the Philistine and defeated them. This is a powerful, strategic concept of tactical warfare playing out in our own very eyes today.

The enemy is using fear and intimidation against the Church, and many churches and its leadership have gone hiding. The spirit of Jezebel and the Midianites has pushed many into some holes and cave to hide; we've lost our voices on issues that truly matter. We are afraid to speak out against things we know we should not defend.

There's but one enemy in the kingdom of darkness and we all know his name, but this enemy wear different faces; manifest different characters, expresses itself through various philosophical beliefs and uses different methods of attacks depending on what he desires to achieve in the battle.

The launch and objective of an attack, using culture or religion, seeks to creates a different objective and impact from the launch of attack, using slavery, racism, sexual perversion, and it certainly different from an attack that comes through poverty, sickness, or even some other forms of freedom and liberty, without a true sense of respect, responsibility or accountability to mention a few.

The enemy is a Strategist, master planner in launching his attack on humans, and where there's no clear, prophetic, governmental oversight, societies, which includes, the church, becomes highly vulnerable and victims of such attack unfortunately. As we understand this natural phenomenon, we Begin to gain keen insight into the nature of spiritual warfare, and the various methods the powers of darkness employ in attacking the church's position and identity as the nation of God in the earth.

This understanding I've tried to lay down as a foundational framework of what we are trying to track through this message gives us the context of why I'll like us to carefully examine the spirit of Jezebel as one of the most advance, Satanic, method of attacks in this season of kingdom warfare.

Part 7

WHY JEZEBEL ATTACKS THE PROPHETIC

As we have noticed, this is a spirit that is not afraid to charge against the gift, ministry, and office of the prophet. Arguably, the office of the prophet is one of the highest governmental position of spiritual authority, representing the activities of God's affairs within the church and around the realms of societal affairs across earth.

We are in a day of the awakening of some dark, ancient, governmental spiritual activities within the realms of men that need urgent, but bold, courageous and strategic intervention. Let me highlight at this point that all that is unfolding from the powers of darkness, assaulting the very nature and identity of both the Church and the nations, specifically, today from the house of Ahab with his wife, Jezebel is a direct response or confrontation to the prophetic awakening and engagement of God's Saints across the earth.

Mount Carmel, a type of the gathering of the nation under the false leadership of Jezebel will be the place and point where the power of God will finally judge this evil spirit of Jezebel and the male prophets who have yielded their authority and ministry under her illegitimate authority due to her financial economic influence. Jehu reflects the personification character the Lord will employ to finally destroy this character or entity that has sought to capture, incarcerate, and change the desired order of God for man and the society but it will take a courageous spirit of Elijah to stand instead of running from her.

When Jezebel had that prophet, Elijah had commanded the execution of her false prophets on Mount Carmel, she sent words to the prophet of God that by this time tomorrow, your head will be given to the vulture to feed. This was a direct confrontation to intimidate and neutralize the authority and the position [influence] of the prophet of God in the land.

The Spirit of Elijah.

The Spirit of Elijah is shifting things back to the Father's ordained program for the earth. The Spirit of the two witnesses is being released to prepare the ecclesia for the great showdown. The Spirit of Exodus is characterized through the anointed grace of Moses while the Spirit of Elijah is the Spirit that breaks the hold of identity bondage from the illegitimate power of Jezebel; this is also known as the Spirit of fire.

The Lord is restoring his wind and fire in this third day. We are told that before the dreadful day of the Lord, the Lord will send Elijah who will turn the hearts of the Father's back to their sons, and the hearts of sons back to their Father. This prophetic activity in the earth is activating the closer proximity and visibility of their kingdom of God.

The coming or emerging reality of God's presence and glory to the earth is shaking the foundations, ideologies, beliefs, philosophy and the dominant political cultures that have ruled and reign in the minds of men for centuries. The day of the Lord is emerging with great noise and the rolling away of everything that can be shaken.

Prophetic Perspective

God said to Jeremiah, this day, I have made you a prophet over nations...the jurisdictional matron authority of a prophet in most cases, especially, a seasoned, well-matured prophet reaches far beyond his or her place of geographical location.

A prophet based on one end of the continent can speak authoritatively, of course, according to the directives, guidance and wisdom of the Spirit into another city or nation. This is often carried according to the prophetic seasons and initiatives of the Father around realms and continents. We saw Samuel, Jeremiah, and many of whom we call minor prophets, operated in the apostolic, governmental grace over nations. The seven churches in the book of Revelation were all positioned prophetic across Asia minor to spiritually influence the realms as we shall later examine regarding the church of Thyatira.

The governmental authority of prophets always creates a deep panic in the camp of the enemy, and therefore, the assigned, principalities, powers, and wicked spirits, over such realms gets agitated and therefore, tries to shut down or frustrate the influence of the prophetic voice within such regions.

The Spirit and operation of Jezebel are primarily assigned as a corrupt, illegitimate, governmental spirit assigned to attack and frighten the prophets, and their prophetic position and authority over cities and nations. The enemy is quite aware that if they can stop or frustrate the operational

initiatives and assignment of the prophet over any community, city or region, such a region is already captured, it's only a matter of time.

Jezebel and the fight for the Soul of America

Societies, cities, nations, and regions carry or wear certain unique character or personality traits that heaven identifies, relates to, and engage in judgement accordingly to such persons. It is critically important that the Saints, particularly, those called and grace with the spirit of intercession to identify the image and personality each city or nation wear, so that when they are praying, they can address such personality.

Every city or nation in the Bible can be related to in particular name character. Some cities, however, exhibit more than one character just as ordinary humans can have more than one name or character expression. Most times in the scriptures, the Lord addresses, cities by their predominant character personality. In other words, the name of Israel can be exhibiting the character of Sodom, therefore, when the Lord is addressing Israel in a context of a certain issue, he will rather address Israel in the appropriate name that captures the spirit he is addressing amongst is people.

Every nation has got a soul that allows certain inflow or outflows of values, beliefs, and philosophy. This is one of the reasons we are called to war for the soul of cities and nation. To effectively address the predominant spirit over an atmosphere, you need to identify the spiritual personality, such city or nation is operating, and in most cases, not always, such spirit can be found within the character framework of the founding fathers of such society.

This character trait that defines the image-soul of the nation is then passed down the ages through those thoroughly vetted and initiated into key leadership positions of such society. This is one of the reasons why we need to understand that there's another election behind the so-called democratic election citizens carry out.

Our votes are important, but not as important as the vote of those who are following the agenda and narrative of what has been covenanted by the dedication of what such city or nation should maintain. An alliance is formed on behalf of cities and nations through certain foreknowledge agreements that are sealed by blood, and this is where compromise is reached regarding how such cities or nations should express themselves in all manners of policies and values.

As I have said, my main objective in this article is to unmask the subtle, but a powerful operational spirit of Jezebel within the current global affairs which is unfortunately now shaping the narrative of most political debates and discussions as the battle for the position of power in the new world order plays out.

The reality is, the sociocultural ideologies of societies, including many, who today claimed to be Christ-followers unfortunately has almost been eroded by this wicked spirit of Jezebel to the degree that if what you think and say don't fit into the narrative of political correctness, then you're labelled as the enemy of God or enemy of the state.

This powerful Satanic system has almost capture, crippled, and redefine the identity, culture, and authority given by God to men to be responsible in presenting themselves, families and communities at large before the Lord as kingdom priests. As we shall later study, we will highlight the main purpose of the spirit of Jezebel which is to mainly to emasculate, frustrate, and neutralize the identity and authority of manhood within society, and that is the current agenda across most countries in the name of democracy but in particular, in Europe and America.

Jezebel, the institutionalized power of governance

We are today seeing one of the greatest, satanic assault against the church and the lives of ordinary Americans. There are various ancient, demonic stronghold with being awaken today with the objective to disrupt, capture, and change the very prophetic identity of the people of America and the rest of the world as the Jezebel spirit leads this campaign.

This assault should be worrisome to all awakened sons of God, particularly, those with an advanced intercessory, leadership spirits, and elders within the order of the fivefold ministry. America is a strategic nation that plays a role in shaping the cultural and socioeconomic status of many continents. Whatever is birth, established and accepted within the context of the America society, it's only a matter of times before such in adopted. The influence of America, globally, is a two-way stream; it all depends on the school of thought or agenda that is sought to be promoted from the political leadership class.

Every political party is an ideology that seeks to promote an ideological belief. these beliefs are systematically integrated into the political process that shapes and forms the policies that inform society. Therefore, we need to adjust our understanding and narratives about economic struggle. Behind the agenda of fighting for equality and prosperity, there are invisible key players that seek to manipulate the outcome of things. [Rev 18:] speaks about global trade and whom the world trades with.

Trade is not just about goods and services; the heart of global trade is about the influence of lives, territories and mineral resource, and no doubt America is a key player in this global trade as we can with the current trade war between the two parties biggest economy-China and America.

The nation of America has never been so divisive on almost everything, and there's a reason for this. The election of Donald Trump as the president of America was a game-changer. His appointment was a statement that will shake the very foundation of certain narrative that seeks to utter and change the prophetic program of God not only for America but for the world at large.

The war between the nation of America and China is far beyond the idea of goods and service; the is about the control of power, and it's important we have precise prophetic insight into what is going on. We have always taken the stand that God has a definite, prophetic program for each nation. No nation exists by their own effort or plan; God has set nations and regions where they are for his prophetic mandate. Just like Egypt, Mali empire, Rome, and Greece to mention a few, were a powerful trade route in the early century, United Kingdom, America, China and Russia are today, some of the most powerful economies, and this is translated to global influence or power.

America is currently being invaded by the spirit of Jezebel, and it's critical for us to study what's going on as we reexamine the word of God in finding the prophetic weapon to paralyze this spirit. What makes this study important is the fact that Jezebel operate under a false, illegitimate authority. Therefore, it is highly important we understand what leadership and spiritual authority mean, and how it's designed to function, so we are not captured by false spirit in the name of leadership influence.

At this point, I'll like to highlight some concerns I believe needs to be addressed in the context of the revelation of the spirit of Jezebel in relating to what is today known as political correctness, which is my strongest point has almost crippled the leadership authority ordained to guide and protect families and individuals from the assault of the forces of darkness.

One of the things that have become almost the trademark of the current political landscape of the European society and of cause, the larger American political narrative is the subjects on the accuracy of truth definition and other concepts around moral values, issues relating to biblical position of sociocultural and institutional development. These important fabrics of strong, family and institutional structures are almost no longer accepted, nor is room given to teach and debate on these subjects due to what is now known as gender sensitivity.

So, we are increasingly seeing certain important subject that speaks to the issue of moral correctness, faith, identity, the natural definition and characteristics of the male species, and the concept of womanhood from a sound, biblical perspective are today seen as unacceptable In the promotion of the idea of progressive beliefs.

The push for humanist value has almost eroded the right order of human existence and this is being promoted by the ideology of the new world order global narrative. Therefore, the idea of gender-sensitive has become a weapon the powers of darkness are today using to short down the voice of truth that needs to be had regarding the current distortion of the identity and structure of human values within society.

Today, many within the Church are almost crippled to speak out regarding certain laws and institutional practices that are contrary to their faith and believe due to the fear of powerful political backlash against their organization, this is totally unacceptable. Issues that deals with order, leadership and correctness regarding homes, family, marriage, manhood, and womanhood are all today left untouched.

Our children are becoming more and more confused and dysfunctional without the right leadership identity and authority to bring nurturing, correction, direction, and affirmation to them because the authority of father has almost been stripped from them through the Satanic influence of the spirit of Jezebel controlling the state powers.

The promotion of feminist power is destroying the very structure and order of family and societal values, and this is presenting feeding into how many now view the principle of God's word. Many are now interpreting the word of God with the humanist and feminist lens view and this totally unacceptable.

The perversion of sexuality and the right order of identity, which speaks into who we are as the male man or a female, are almost now known existence. The moment you begin to deal with subject that points to certain wrong values connected to the female entity, suddenly it becomes an issue of the lack of gender insensitivity.

Many spiritual leaders are increasingly become frustrated due to the fact that they are not able to exercise the spiritual authority God has given to them in dealing with issues as they should be because they are afraid of not being politically correct. The idea of political correctness or gender equality is an idea that was systematically introduced into the political space through a Satanic agenda to create a false narrative of inequality on issue of gender so that the feminist agenda can use such a platform to promote the various program they desire to push to society and the various institutions of society.

The truth is, this has been the plan of Satanic agenda in promoting Jezebel influence as the economic system, empowered by state and global institutions to silence the voice of truth and to discredit and neutralize the authority of faith and God's word in their so-called New Age, progressive society.

Revelation 18:1-3

After this, I saw another angel coming down from heaven. He had great authority, and the earth was illuminated by his splendour. ²With a mighty voice he shouted: “ ‘Fallen! Fallen is Babylon the Great!’ a She has become a dwelling for demons and a haunt for every impure spirit, a haunt for every unclean bird, a haunt for every unclean and detestable animal. ³ For all the nations have drunk the maddening wine of her adulteries. The kings of the earth committed adultery with her, and the merchants of the earth grew rich from her excessive luxuries.”

The spirit of Jezebel which today has taken the form of political and economic authority and has infiltrated almost every arm of government institutions and sociocultural view.

Part 8

MASTERING THE BABYLONIAN LANGUAGE

Another powerful strategy of the enemy which is part of the narrative of the spirit of Jezebel is the altering of words and their meaning, and I'll like to highlight this point briefly we before we begin to deal with the issue of how Jezebel infiltrate our lives, families, community and society.

Words, language, phrases are some of the most powerful tools in capturing and expressing culture. There's absolutely no way we can capture the spirit of an Age or civilization without understanding the lingua of such society. Today, new language is be coined while old but highly relevant words are systematically being eroded and this is what ill like us to briefly consider.

Undoubtedly there are all sorts of languages in the world, yet none of them is without meaning. 11 If then I do not grasp the meaning of what someone is saying, I am a foreigner to the speaker, and the speaker is a foreigner to me. 1 Corinthians 14:10-11

The more I look into the scripture in the context of what we are assigned to represent in the 21st-century society, the more I see a lack of preparation and almost the sense of total disconnection in terms of awareness and understanding of the nature of the season.

Being a sheep among wolves requires a deeper sense of the operation of the Spirit of wisdom, and being wise as a serpent and harmless as a dove is certainly operating from another realm of life that gives us the edge to effectively represent the eternal intentions of the Father in an ever-increasing hustle society.

The nature and character of the days we've been brought into demand we are skilled in all the language of the Chaldeans, the Babylonians, and the Egyptians, and we should stop seeing this idea as a foreign idea or unbiblical. As we know, Jesus spoke Aramaic because that was the language of the day. The big question we should be asking ourselves is, what is today's language?

When I speak of language, please note that I am not merely referring to lingua franca but the generation ideological, operating interface within societies; a manner of thinking that connects people, places, things and even machines in a manner that allows a general communication and understanding. Every generation developed and operated through this kind of language they adopted in promoting certain values, beliefs and ideologies we sought to promote.

Cultures, ideologies, traditions and captured within the language. Language is the total sum of what defines our identity.

As we can notice, the past three decades or so, the world and its philosophers have been busy developing a new language that has almost become matured in use to promote their ideology today but the church has been caught sleeping in combatting the wrong ideology behind this language.

One unique thing we witness throughout the scripture that gave the people of God the edge to stand out even in times of captivity is their ability to quickly learn and use the language of their captors as an advantage to advance the purposes of God. Indeed, language is a medium of communication. However, we are seeing various forms of communicating today that goes way beyond two people merely talking. Communication today has become a very powerful tool to imprint and establish a philosophy that is weaponized to kill, steal, and destroy.

The art of communication has become one of the most lucrative 21st-century business that yields lots of profit. My point, however, is not just about the profiting side of communication but to highlight the deliberate war on destroying the meaning and definition of words, as they are today viewed to serve the certain narratives and agendas.

Society is being assaulted from all angles by those whose agenda is to destroy the very fibre of society and sought to change the order of things redesign. Language today, has transcended to the level of ideology; an ideology that should promote certain 'progressive beliefs'

We live in a day where we are constantly being bombarded by various voices, opinions, and ideologies that society seek to impress upon us regardless of our interest or not. Unfortunately, many within the community of the Church have not been adequately sensitized and prepared for these kinds of subtle confrontations.

Indeed, these voices when we face them come across aggressively, demanding we take a side, and of cause, they want us to take their side because they've tried to desensitize the minds of many us using phrases the promotes their ideology of the new world order they are trying to create.

Many spiritual leaders are yet to fully comprehend the nature and complexity of the battle before the Church, and I do hope this few points will wake us up as we confront the spirit of Jezebel and other powerful Satanic principalities.

While I strongly believe the Father gave the Church the platform of social media to propagate the gospel of Christ to the lost, and to serve as a melting point to speak redirection to the disgruntled members of the lost sheep of God. We are yet to understand that the social media just like other platforms is actually a 21st-century language we must learn like Daniel and his friends learnt the language of the Babylonians in order to carry out the mandate of the kingdom.

Those who are masters of language will determine the direction of society, its philosophy and economy. Everything today has a coded language that should be learnt in order to utilize its power or influence. We, as the ecclesia is in the midst of powerful warfare, and this war is all about influencing other nations.

THE POWER OF LANGUAGE IN THE DEVELOPMENT CIVILIZATION

One of the main reasons countries like America and China are fighting what is termed as economic war is for the single reason of language. As I said, languages, which the scripture also refers to as voices, has gone beyond voice communication to an ideological war that is playing out on every form of system that man has created to establish his dominance.

In other words, those who are skilled in computer language have the edge of power and influence. Introducing computer program language from early childhood is necessary and highly critical for any nation or society to service.

Someone of the wealthiest companies today is those dealing with computer language and programming. I have used these points to further stress the point I am making.

The world of social media has become a tool to increase the volumes of the voices and noises to distract many away from the pathway of sound moral judgement. There is all kind of voices today that have been empowered and indeed, amplified through the tool of social media that has brought more confusion and challenges regarding being able to ascertain what the Spirit of the Lord will have many know.

When we talk about information overload, we are dealing with a reality that has come to define the culture and structural fabric of today's society. We are at the twilight of a new sociocultural revolution; a revolution that is not fought with guns and sword but with language and what I define as New Age opinions.

In the last three decades or so, the English language has dramatically revolved to the point that the meanings of certain key words that defines our social lifestyle have been forced to change their meaning, or in some cases have been reduced to obsolescence. Words are losing their true meaning, and this is a deliberate act in reconfiguring how we process thoughts, meaning, intentions, and actions.

The agenda of the powers of darkness in this season carries various faces of expression as we have earlier discussed, all depending on the position of the battle line they find themselves and the objective they seek to achieve. As we continue to

witness the systematic introduction of certain phrases and words into the society the idea is to reprogram how we see, process and accept meanings. One of the keyways the enemy can infiltrate any heart or space is to change the meaning of words, particularly, if those words expresses certain sense of morality, accountability and demand to correctness.

The American society and a larger part of Europe have lost a major ground during the first battle around language in the last three decades, and the lost opened the door for certain ideologies and philosophy to be introduced their society to the point that an average teen or adult today are struggling to comprehend or appreciate the meaning of certain words that ought to give them moral definition and a deep sense of correctness.

Right from the beginning of time, language has planned a major role in the development of humans and the desire to build a strong, shared community, and we saw this greatly impressed during the building of the tower of Babel. Every time there's a need to build a tower of [Babel] rebellion, human always seeks for a common language to implement such a task, even if they have nothing in common with each other. The enemy also play behind the call and support for [global] unity for as long as such call play towards its diabolic agenda.

Par 9

THE WRONG ALLIANCE

1 kings 16:29-34

As we continue to track the architect of the spirit of Jezebel so we can be prophetically equipped in dealing with it. We have reached a critical point in understanding how this spirit gets to infiltrate the community of God's people and society.

There's no better way to unveil the mystery of a spirit or character than being able to discover how such a spirit in the first place gets into such human spaces and hearts. The formation of Alliances has always been one of the most effective instruments used for nations to prevent or stop protracted wars and battles between the two nations.

In most cases, this alliance are made through the payments of ransoms, the given away of certain key territories, but the most effective one is the given in marriage of the princess in most cases, or Prince in some case from one kingdom to the another as a seal of peace.

This idea as further been adopted by very wealthy and influential families across nations through centuries for the purpose of keeping their riches, name, and fame from being corrupted by those deemed as ignoble of society. In the cases of Princess, often times, they are usually prepared and groomed to be given away in marriage to other Kings or kingdom as a pawn that might actually become a very powerful and influential entity in the strategy of building or reinforcing alliance.

However, God, in his covenant sovereignty, wisdom, and relationship with the nation of Israel had pre-warned them never to go into any form of alliance with foreign, gentile nations. Not even ordinary Israelis citizens are allowed to marry from other nations under the Old Testament biblical law. They've been forbidden to marrying from countries that serves and worship foreign gods.

Marrying from nations that serves other gods outside the God of their fathers is a serious offense that carries severe punishment. Unfortunately, this violation has been of the greatest sins the children of Israel had committed in the sight of God by marrying and given their children in marriage to nations that worships Baal.

The plan of the Father for the children of Israel as a nation of a kingdom of priest was one of the reasons this law was promulgated. The issue of divine separation as a nation that will reflect the standard and glory of God to the rest of the world was and is still a major objective in the call to stand out from the rest of the world.

The easiest way for the enemy to infiltrate the prophetic activity of the Father in the earth is through wrong connections and alliance. As powerful as relationship means to the prophetic advancement of the purposes of God, particularly, a marriage relationship, so is relationship one of Satan's key strategies in seeking to cripple, pollute, and destroy the agenda of God.

We today live in a world where what informs our connection to people is basically sensual and material base, it has been made even easier for the enemy to carry out his diabolic attacks. If all we are preoccupied with is a pleasure to be derived from a relationship without considering another critical impact such a relationship will usher into our lives and space, then it means we really do understand the effects of spiritual things around our lives.

The life and objective of a relationship cannot be genuinely comprehended through emotion or intelligence as highly important as they may be. We need spiritual knowledge, insight, and wisdom in going into any kind of activity that we bind us with other people, so we are not taking advantage of through ignorance. Humans are carriers of spirits; these spirits can be the right or wrong spirit.

Sometimes, the issues we are trying to resolve or make sense of in marriage or in our workplace are more of spiritual than just a position of bad attitude, and even in cases of bad character, these characters or attitudes can be traced to spiritual issues that seek to get us to a place of point of compromise by the enemy. This is one of the major reasons we should be careful regarding who we define to be our friends or relationship, and worst still, who we finally decide to choose to be our life-partner in marriage. These are major, life decisions that cannot be made on face value or in the context of emotional excitement.

Marriage is not just about two people coming to live together because they both claim to 'love' each other. Love is a big part of our lives we, unfortunately, know very little about. There is great advantage to marriage when we understand its main purpose and objective from God's perfect idea, after all, marriage was his idea. Unfortunately, there are also serious consequences to marriage when we ignorantly ignore the foundational values and framework that ought to be in place before we go into a covenant of marriage.

In Joshua chapter 6 we see a terrible mistake made by the children of Israel under the military leadership of Joshua regarding the Gibeonites. The children ignorantly allowed themselves to be tricked into a false alliance to prevent the Israelites from attacking the Gibeonites.

Marriage is one of the highest levels of blood covenant and when it's made ignorantly without a precise, biblical, prophetic direction, we can directly or indirectly bind ourselves to certain obligations, contracts, covenant, or even influence of the powers of darkness.

In relating to the people of God, insecurity and the lack of trust is what pushes most of the kings to join affinity with other nations, particularly, through the medium of marriage. In the cases of others, it's just the issue of lust like we see in relations to King Solomon and King Ahab.

One of the main things that brought Solomon with his great wisdom, wealth, and power down as the Son of one of the greatest Kings ever lived in human history, King David, was his love for foreign women, and the scripture told us that Solomon foreign wives turned his heart away from the love of the God of his Father David. The bible told us that they turned Solomon heart away from God when he began to get old. As we begin to track the fall of great kingdoms, empires, and ordinary people right from bible days to this present day, one can see is clear that great men and leaders fall due to marrying the wrong person.

AHAB MARRIED JEZEBEL.

The marriage of princess Jezebel the daughter of King Ethbaal, a Phoenician empire was a serious crime in the sight of God that brought terrible consequence to the house of Ahab, and the entire nation of Israel. Ahab, the son of Omri did not just marry Jezebel due to the issue of protecting his kingdom, at least, the scripture never suggested this; Ahab took Jezebel in marriage due to arrogance, and lust in disobedience to the command of the Lord.

As many theologians will further confirm that Jezebel was not just a mere Princess but in fact, she was a priestess of Baal. She was a direct worshipper of Beelzebub, and we will later see how she turned the capital of Israel that became Samaria to the capital of Baal worship. Beyond the sin of Jeroboam that was committed by Ahab, he further angered God by going to join hands in marriage to a nation that is openly committed to the worship of idols. Idolatry is one of the highest crimes any human, family, or society can commit before God.

Because of the leadership position and influence of Ahab, he exposed the entire nation to the spirit of Beelzebub, and this is where the judgement of God took another turn regarding the nation of Israel. As we can see the scripture that the direct judgement of God against Baal worship was is an attack on the economy and that's because Baal worshippers believed that Baal is the provider of rain and good crops.

THE OPENING OF THE SPIRIT OF JEZEBEL TO SOCIETY

Now that we have established core foundational background regarding how Jezebel got the guts to be part of the community of God's people, and of course, we can see that this came through a disobedient, rebellious character of King Ahab. A compromised leadership like Ahab is position is always a good entry point of the spirit of Jezebel.

We need to put this in context as we unpack the nature of the kind of attack we are witnessing today within the nation's, particularly the nation of America. It is clear that the rebellion to the ways of the Lord in the nation of America and other parts of the world this the number one reason this spirit is rearing its hugely head, and that needs to be addressed.

When the so-called progressive, liberal democratic policies in America begin to challenge the values, principles, and moral codes of God from its society, that began to pave the way for another spirit to take over the spiritual, affairs of the atmosphere, and the moment you capture the legitimate spiritual leadership of any realm, it's only a matter of time before every on their aspect of such society gets to be captured. Many of the spiritual leaders, assigned on the walls and gates of the nation of America and other parts of the were over run by another spirit that got them distracted to the point of them abdicating their responsibility of a watchman on the way and elders at the gate called to speak truth to powers.

This was the same problem that we see in Africa, places like Nigeria, South Africa, Ghana and many key nations within the continent. The gospel of money and economic enrichment which is one of the key powers of the spirit of Baal which Jezebel represent was used to silently shutdown the voice of the Church and the various institutions that ought to protect the state.

The plan of Jezebel is not merely to capture the state by capturing its key leadership gates, but also seek to capture the economy by killing the dreams and vision of ordinary men and woman who are gifted with special entrepreneurs skills and capacity that ought to drive and develop state economy. But Jezebel doesn't stop here, she goes for the top gun, the prophet of God.

The plan of this spirit, as we shall further see is to use the Church as her seat of authority to infest society and the nations with her false teachings. Her mandate is to destroy everything that represent the apostolic, structural order and institution of sound, moral developmental state. The mandate of a sound apostolic church as we see according to the book sent to the seven Churches was to engage their society in the spirit of redemption, reformation, and restoration.

But we see this spirit proclaimed herself as a prophet and began to use the channel of legitimate church platform to prelude her illegitimate prophetic teaching within the Body of Christ. Here we see the Lord had to rebuke and warn the Church of Thyatira according to Revelation Chapter 2:18 for tolerating this seductive, demonic spirit. So, we see that this spirit as a way of infiltrating the very house of God and the hearts of weak, ignorant, indisciplined spiritual leaders. Jezebel seeks to destroy the apostolic order of the house of God and the quality of spiritual food served on the table of God's house.

Part 10

JEHU'S JUDGEMENT ON THE HOUSE OF AHAB, JEZEBEL, AND BAAL PRIESTS.

We have established a few vital points which have allowed us to understand the architecture of Jezebel's character and operational values within society and the Church. However, the focus of this emphasis is to unravel the connection between the act of the spirit of Jezebel and the influence of the worship of Baal in today's 21st-century society. Of course, we know that the agenda of Jezebel was the promotion of Baal worship, and the purpose of this is to replace the reality of the image and presence of God in the minds of the Israelites with another god, and this god is Baal.

Jehu did not just destroy Jezebel but also destroyed the priest of Baal worshippers and the temple of Baal across Israel. This was an important aspect of the ministry of Jehu; the power to prophetically and governmentally engage the priest and the high places dedicated to the worship of Baal.

We cannot claim to have destroyed Jezebel until we have also (paralyzed) execute the dedicated priest of Baal, and the high places of Baal worship and temples across the land according to 2 Kings 10:22, 27. Of course, this is not a literal execution, we don't go around killing people, but we are talking figuratively. Our battle is never with flesh and blood, but against principalities, powers of darkness, and spiritual wickedness in high places.

The declaration on Mount Sinai

Exodus 23:23-26

23 When my angel goes before you and brings you to the Amorites and the Hittites and the Perizzites and the Canaanites, the Hivites and the Jebusites, and I blot them out, 24 you shall not bow down to their gods nor serve them, nor do as they do, but you shall utterly overthrow them and break their pillars in pieces. 25 You shall serve the Lord your God, and he will bless your bread and your water, and I will take sickness away from among you. 26 None shall miscarry or be barren in your land; I will fulfill the number of your days.

The position of God for his people was clear when he introduced himself to them on Mount Sinai, and that position became the oath of assuming kingship and leadership position amongst God's people; they must not bow down in worship to another god. The sin of idolatry is ranked as one of the most grievous sins in the sight of God for the single fact that idol worship seeks to replace the presence of Jehovah in the hearts and daily lives of his people.

It is a fact that no one sin outweighs the other, but there are certain sins that are just no-go areas for the people of God, and the worship of foreign gods is one of them. Baal worship was introduced to the Children of Israel long before Ahab married Jezebel a queen-priestess of Baal.

The reason for drought and famine as a judgement.

Ahab however, abused his political and leadership [influence] space to make Baal worship an official, recognized, state religion in Israel after his marriage to Jezebel as the Queen-priestess of Baal. It is significant to note that Baal worship amongst the hidden nations is related to many perverted things, as we see according to Exodus 32, but the most outstanding claim of them all is association to the deity of rain and fertility.

Many among the Orientals and the early Old Testament Israelites believed that Baal is the maker of rain, and therefore, Baal is responsible for their abundant farm production and Harvest. Hence, the celebration and worship of Baal are directly tied to the harvest season.

This is the cause why the judgement of Baal was directly related to the drought and famine in the kingdom of Israel. What Elijah did was a direct attack on the claim of Baal as the maker or the giver of rain. Elijah said to Ahab, Jezebel, and the entire nation of Israel, at my word, there shall neither be rain nor dew for three and a half years. This prophetic declaration was a clear, direct judgement and sentenced on the presence and claim of Baal worship in the land.

Baal worship is still very much alive today, not just in the ordinary, sensual, day to day practice of citizens who look to other people or thing as their source of provision, but also within the economic ideology and structure of the people of the world, particularly from some of the most advanced economic hubs across the world like Europe, China, America, and some part

of Africa. Baal worship is symbolized with the image of a Bull calf. We cannot understand the power behind Baal worship until we understand the acclaimed position of Baal to the people who worship it.

Just as the worship of Baal under the Old Testament was directly connected to agriculture and food security, today's global economy is also directly linked to the provision and security of Baal. Since the fall of man and the erection of the Tower of Babel, everything human has sought to carry out has either been credited to the provision of the Almighty God or the provision of Baal. Since the days of the tower of Babel, we have seen humans use the power of self-actualization and determination which they believed came from Baal to try build something great for themselves.

The worship of Baal gives man the freedom to do whatever he feels right in his own eyes without a sense of commitment, responsibility or accountability, and this belief has fueled the ideology of dominion by force. Kingdoms and empire impose themselves on each other to prove who is the strongest, and of course, the strongest dominates the weak and take over.

This self-seeking, evil ideology is what has led to the issue of dominance, control, and monopoly of people, goods and services today. Personal and corporate insecurity have continued to expand the notion of the dominance of others like beast in the jungle. We have seen individuals, families, companies' cultures, regions and nations being dominated by others just because they feel they have the power and influence to do so. Today, the world superpowers are fighting to dominate the earth, and of course, this is directly linked to economic and political influence.

The world we live in today revolves around the economy. There's almost nothing carried out today that doesn't have a direct link to the economy including the idea of how religion is practiced today.

We can now understand why many of our churches and its leadership are today connected to the worship of Baal because they have prioritized the worship of mammon in their gathering than to worship the true God of Israel. God is raising an Elijah's company, empowered to judge this evil spirit, and every now and then when we see the economy of the world been judged, it is usually the Lord taking vengeance against the spirit and priest of Baal worship.

Acts 7

39 Our fathers refused to obey him, but thrust him aside, and in their hearts, they turned to Egypt, 40 saying to Aaron, 'Make for us gods who will go before us. As for this Moses who led us out from the land of Egypt, we do not know what has become of him.' 41 And they made a calf in those days and offered a sacrifice to the idol and were rejoicing in the works of their hands. 42 But God turned away and gave them over to worship the host of heaven, as it is written in the book of the prophets:

EXODUS 32:1-6

1 When the people saw that Moses delayed to come down from the mountain, the people gathered themselves together to Aaron and said to him, “Up, make us gods who shall go before us. As for this Moses, the man who brought us up out of the land of Egypt, we do not know what has become of him.”

2 So Aaron said to them, “Take off the rings of gold that are in the ears of your wives, your sons, and your daughters, and bring them to me.”

3 So all the people took off the rings of gold that were in their ears and brought them to Aaron.

4 And he received the gold from their hand and fashioned it with a graving tool and made a golden calf. And they said, “These are your gods, O Israel, who brought you up out of the land of Egypt!”

5 When Aaron saw this, he built an altar before it. And Aaron made a proclamation and said, “Tomorrow shall be a feast to the Lord.”

6 And they rose up early the next day and offered burnt offerings and brought peace offerings. And the people sat down to eat and drink and rose up to play.

THE SIN OF IDOLATRY

Idolatry is a word we hardly hear, use, recognized or seen as something we need to be concerned about, yet, it is the number one problem of our contemporary 21st-century society.

When we study the word of God, we shall note that idolatry is a major issue in the Bible. An entire nation was judged and led into captivity due to their idol practices. Whenever the enemy wants to kill the life and value of something, the first thing he does is to neutralize the meaning and impact of the name that is attached to such a thing through entertainment. Recreation and entertainment have become some of the most powerful effective tools the enemy is using today to desensitize both the Church and the world at large from seeing or recognizing its deadly invasion and attacks.

If you want to find out what the enemy does not want you to know, check within the entertainment recreational industry. Therefore, is critically important you monitor what you invite into your space and household in the name of entertainment.

Don't leave your children watching things because they are presented under the guise of cartoon animation. Many of the games and movies being produced today are sending a profound message of desensitization and New Age, cultural assimilation. This is a principle that has been in use right from the early history of man. Babylon sought to colonize the people of God in captivity by carefully changing their identity, diet, language, and apparel.

The battle of idol worship today is not one merely limited to the bowing down to some gods made of Iron, stone, trees on some high mountain people climb up to. Today, the high place of Idol worship is within the captured minds, thoughts, and imagination of humans both young and old.

When your minds are captured by the images of the world system that merely focuses on self-gratification, material pleasure, the pursuit of money without a clear, prophetic understanding of the purpose of money or material blessing, you'll eventually become an idol worshipper.

Our Lord Jesus Christ made this statement as he relates to the god that rules this world, and he said, you cannot worship God and Mammon at the same time. The worship of mammon is directly linked to a god. Now, the definition of a God is one who must be worshipped and served. Meaning, one's entire life should be dedicated to the worship and promotion of such a God directly or indirectly. It's no wonder many today have devoted their lives to the quest of pleasure, power, money, career, family, religion, and so on.

Mark 28 :28-31

Now one of the scribes had come up and heard their debate. Noticing how well Jesus had answered them, he asked Him, "Which commandment is the most important of all?"

29 Jesus replied, "This is the most important: 'Hear O Israel, the Lord our God, the Lord is One. 30Love the Lord your God with all your heart and with all your soul and with all your mind and with all your strength.' 31 The second is this: 'Love your neighbor as yourself.' No other commandment is greater than these."

Whatever the enemy can imprint upon your mind as the alternative to the way, the truth, and the life of God is a high place, you need to cast down within your mind

before it destroys you. The high place today is the image of a man, being elevated above everything that is called God.

The enemy is empowering humans to seek both self-knowledge and self-gratification above the knowledge and wisdom of God. The number of a man, 666 is now being promoted as the preferred system of lifestyle above the counsel and knowledge of the Most High God. The identity of God is now being rejected and replaced for the New Age belief that sees man as his own god that should not bow down to some strange god he can't feel nor see.

Many today are a worshipper of their money, time, work, family, and themselves; their delight is only centered around these things, and when these things don't give them their desired satisfaction, they become disappointed, disillusioned, depressed, and suicidal. When you have a worldview to how you deal with things, including things that are related to God, your worship will be influenced by the motivation of self, which is directly linked to Baal.

Baal worship today has become an ideological position that is occupying the thoughts, reasons and the emotional faculty of many. Your ideological identity either from how you see life or the way you relate and respond to life is that of a culture dominance. It's very good to be in form, but what we do with what we know is a totally different thing entirely. The point is, behind some of the things we've learnt even in schools and our churches are designed to create certain inclusions within our minds that may not necessarily accurate from heaven's view.

Learning and its understanding must be done through a sanctified mind, so we are never captured by wrong narratives, and this is the very reason Jezebel sought to occupy the place and position of the ministry of the prophet and that of a teacher according to Revelation chapter 2.

Once your mind is capture through the foreign teachings you will automatically bow the knees to Baal. Idol worship Today is ideological and cultural dominance. You cannot confidently say you are not a Baal worshipper if you cannot confidently say the issues around financial provision is not the number one influencer of your desire and motivation in life.

Part 11

21 CHARACTERISTICS OF JEZEBEL ARCHITECTURE.

John 10:10

The thief comes only to still, kill and to destroy...

Thus, this spirit operates via:

1. The influence of wrong relationship or alliance and not on pure, motivation, sincerity and love. There's always a diabolic agenda behind a Jezebel motivated relationship, regardless of the context of such a relationship.
2. Most people or society gets into the web of this spirit through the search for affection, control, insecurity, influence, or from an outright rebellion and the rejection of the ways of God. Jezebel Usually holds the higher positions of beauty, influence, and power like Lucifer the morning star to charm its victim. Eve was charmed by his wisdom, beauty, and persuasive entice of Satan.
3. The entire philosophy and operation of Jezebel is Dedicated to the worship and promotion of Baal by shifting the attention and passion of society away from that of the true God. Therefore, she seeks to use her connection, influence, and beauty to promote the agenda idolatry, particularly, the worship of mammon.
4. This architecture corrupt and abuses the position of power, influence, and authority to unduly take possession of people's properties, possessions, and identity.

5. The spirit seeks to operate through the concept of insubordination, disrespect, and rebellion to the set roles, order and structures. Where Jezebel's spirit is allowed, disrespect, disregard and dishonor become the predominant culture. She has no regard for the authority and representative of God in homes community and organization; she disrespects the holy order and the administrative of God in the nation.

6. This spirit applies the power of lust and seductive charm to capture her victims

7. She is a personification of false ministry and illegitimate leadership, particularly within the household of God. She claims the position and authority of a prophet of God. This spirit will usually claim to hear from God; indeed, she does hear but from a different spiritual frequency that convinces her that she is hearing from God.

The Bible calls this spirit a lying spirit from God. The spirit seeks to create confusion regarding the identity and position of who is a true, genuine prophet, and what should be the function of such a prophetic grace and office.

8. She also claims the position of a teacher of the word of God which is even more dangerous. Many who are captured by this Jezebelic spirit expresses strong, opinionative attitude regarding the ministry of gift of teaching that is not coherent and consistent to the entire biblical doctrine and character lifestyle of Christ in their teachings.

These teachings are what Paul called doctrines of demons and warned Timothy to stop such people who infiltrate the Body of Christ with such teachings. She seeks to misinform society by teaching lies and falsehood.

9. The spirit carries the capacity to challenge and intimidate weary and tired prophets of God to early retirement, especially in their lowest times.

10. The Architecture of Jezebel functions through the character of manipulation, deception, fear, and intimidation. She carries Satanic powers in trying to shut down the voice of truth in homes, communities, cities and nations when not challenged by prophetic governmental authority and apostolic teachings. Under the reign of this Satanic spirit, people of truth and integrity lives in caves and holes.

11. This spirit evil spirit of Jezebel is a murder of prophets and all forms of legitimate ministries and institutions in the Land. It's the mandate of this spirit to destroy legitimate ministries.

12. Build and equip her own false prophets and system of worship called the high places. These prophets depend on her economic system; they feed on her table. Those who compromise with her will usually gift birth to giants; big things many will often call breakthroughs or success.

13. This spirit operates through an interface with a spiritual, political, and economic platforms within the society.

14. She carries the capacity to operate within the structure of churches without governmental prophetic order, system and capacity. Many, unfortunately, who runs the Churches from a mere charismatic point without a solid apostolic order and structure can easily be captured by this spirit.

15. She carries the power to emasculate men. She can turn the identity of men and women to puppets to be used for her gain. She loves to dominate men through whatever means or influence.

16. Ministries and leadership with the presence of Jezebel spirit cannot reach their full potential. This spirit hates prayer and intercession. One of the very first things this spirit did was to cast down the altar of God in the Land.

17. She can only be neutralized through a divine, prophetic anointing in the character of a militant spirit type of a person. Jehu was a military commander, anointed by Elijah to destroy Jezebel. There's a need for a tripeptide anointing to engage the spirit.

18. Nations or societies under the influence of Jezebel build what is known as high places. These high places become where the ideological realm or location where societal leadership and influencers get their ideology, inspiration to govern. Jezebel defines the culture of society. The high places replace the order, authority, and government of God.

19. The Jezebel anointing can cast a spell of deception, seduction, and perversion on an entire region or nation.

20. Jezebel operates through generational bloodline and seeks to transfer her seed by connecting to weak and blind legitimate leaders.

21. Jezebel architecture operates similarly with the very same spiritual character nature of Babylon. Which is to afflict the people of God or an entire nation with famine, drought, sickness, diseases and captivity.

I hope these few lines of point have helped in highlighting some key spiritual values that should allow us to be equipped in addressing this principality called Jezebel. Its my pray that the Church of the Lord will continue to advance in this day of the visibility of the kingdom of God over the nations. Peace and grace to all elects of the Lord.

Shalom!
